DIVISION TWO GAME

PRESTON NORTH END v. ASTON VILLA

OUR VISITORS—*Burnley*

OUR VERY WELCOME visitors for this evening's friendly match are old friends, whose return to Deepdale after a lapse of seven seasons recalls many happy memories. The first League match to be played at Preston was with Burnley in the initial season, 1888-89.

North End won by 5-2 and finished undefeated champions with only four points conceded. It was typical of Burnley that one of them was lost at Turf Moor through the return match resulting 2-2! They still possess the same fighting spirit, and so does their well-known Chairman, Mr. Bob Lord.

Although Burnley have had some ups and downs in their long history, they had a particularly fine side in 1913-14 when they won the F.A. Cup with a 1-0 victory against Liverpool. They were again to the fore just after the first World War. Runners up in the 1919-20 Championship struggle, they won the League title decisively the following season.

Despite losing the first three matches, a side which had Jerry Dawson, in goal, the famous Halley, Boyle and Watson at half back and Bob Kelly at inside right became Champions with 59 points and conceded only 36 goals in 42 games. By going undefeated through 30 in succession the team set up a League record which still stands.

Since the last war, when promotion was gained and Wembley reached in the same season (1946-47), Burnley have been a wonder side in the League. Their cheque book was hardly ever opened to buy players. Even the great Jimmy McIlroy cost only the proverbial song. Yet Burnley for 20 years not only stayed in the First Division, but achieved an envied reputation by finding and rearing a succession of talented young players.

BURNLEY PLAYERS

Harry Thomson (*goalkeeper*). A Scotsman from Edinburgh who succeeded Adam Blacklaw this season and proved himself a capable performer. Previously with Bo'ness United.

Raymond Ternent (*right back*). One of Burnley's many finds in the North East, when in his early 'teens, has developed from schoolboy football into a good young player.

Leslie Latcham (*left back*). Another promising discovery from the same area, was born at Stanley, and also first signed when a yongster. Formerly a forward.

Sammy Todd (*right half*). An Irishman who hails from Finaghy, near Belfast. Tall, active and wiry, has represented N. Ireland in Youth, Under-23 and full Internationals.

Colin Waldron (*centre half*). Formerly with Bury, was transferred for a big fee to Chelsea after coming into prominence but before long joined Burnley. Born Bristol.

Dave Merrington (*left half*). A powerfully-built young player of North East extraction and reared from school grade, made 17 League appearances for Burnley last season.

Willie Morgan (*outside right*). A dangerous raider who occasionally snaps a good goal. Missed only two League matches last term. Born Alloa and developed at Turf Moor.

Frank Casper (*inside right*). One of Burnley's rare purchases, cost a big fee when signed for this season from Rotherham United. A native of Barnsley.

Andy Lochhead (*centre forward*). A 12½ stone six-footer who belongs to Glasgow and was recruited from Renfrew Juniors. Scored 18 of Burnley's 66 League goals last season.

Brian O'Neil (*inside left*). A fine constructive player from Bedlington, Northumberland. Caught the attention of connoisseurs as a schoolboy. League debut five years ago.

Ralph Coates (*outside left*). Born at the Durham village Hetton-le-Hole, has amply repaid Burnley's interest in his promise as a youngster. Developed at Turf Moor.
